

## BUILDING FUTURE-READY STUDENTS. TOGETHER

### VISION

A Canada where creativity and critical thinking are possible for every child.

### MISSION

We inspire and equip today's students to become tomorrow's problem solvers and change makers.

The Learning Partnership is a registered Canadian charity that brings together business, educators and strategic partners to design and deliver innovation education programs focused on early learners in schools across Canada.

Our programs build the essential skills and competencies needed in tomorrow's leaders, innovators and problem solvers. They enhance provincial curricula, are aligned with Canada's innovation agenda, and are available for students, parents and teachers through the generous support of our education sector partners and funding from corporate, government, foundation and private donors.

At this time The Learning Partnership is going through an exciting time of transformation as we roll-out our ambitious 2020-2022 Strategic Plan. At this time we are seeking passionate and experienced leaders to join our volunteer Board of Directors.

Our Board of Directors are responsible for overall governance and stewardship of the organization. This includes ensuring that strong governance structures are in place; recruiting experienced and qualified directors; oversight of the President & CEO; approving and overseeing the execution of the strategic plan, financial oversight; and risk management.

## DESIRED SKILLS
