1. What is one new thing you learned in this session or one thing that surprised you?
2. List the jobs or job titles that you encountered in this session. Consider setting a timer for one minute and listing as many as you can in that time. You can use your favourite digital tool, paper and pen, computer, words, pictures – whatever you want!
3. Choose one of these jobs or job titles. Considering the job that you selected, write down:
 - a) What are one to three skills I have that would make me well-suited for this job?
 - b) What are one to three skills I would need to develop to be equipped for this job?
 - c) What appeals to me about this career pathway?
4. As you heard today from RBC, technology plays a significant role in finance. Finance is just one of the sectors that technology is having a big impact on these days. What other industries or sectors has technology changed significantly? How?
