

BREAKOUT SESSION ACTIVITY

HEALTHCARE

1. What is one new thing you learned in this session or one thing that surprised you?
2. List the jobs or job titles that you encountered in this session. Consider setting a timer for one minute and listing as many as you can in that time. You can use your favourite digital tool, paper and pen, computer, words, pictures – whatever you want!
3. Choose one of these jobs or job titles. Considering the job that you selected, write down:
 - a) What are one to three skills I have that would make me well-suited for this job?
 - b) What are one to three skills I would need to develop to be equipped for this job?
 - c) What appeals to me about this career pathway?
4. The healthcare industry is made up of many different types of organizations including hospitals. Reflect on the tools and resources that you saw in action in the breakout session you just attended or during *Your Future, Now*. What other types of organizations play a role in healthcare? Add any specific companies you're aware of.
5. What are some of the jobs that exist at these organizations that were not on your earlier list?
6. Repeat steps a), b) and c) from above for one of the new jobs on your list.

We want to hear from you! Don't forget to tell us what you think!
