

BREAKOUT SESSION ACTIVITY

INNOVATION & ENTREPRENEURSHIP

1. What is one new thing you learned in this session or one thing that surprised you?
2. List the jobs or job titles that you encountered in this session. Consider setting a timer for one minute and listing as many as you can in that time. You can use your favourite digital tool, paper and pen, computer, words, pictures – whatever you want!
3. Choose one of these jobs or job titles. Considering the job that you selected, write down:
 - a) What are one to three skills I have that would make me well-suited for this job?
 - b) What are one to three skills I would need to develop to be equipped for this job?
 - c) What appeals to me about this career pathway?
4. What are some of the characteristics or skills that the innovators and entrepreneurs you encountered today have in common?
5. As you heard, innovation and entrepreneurship often, if not always, begin with identifying a problem that you are passionate about. Consider your school, community or even the world. What's one real, specific problem or challenge you see that you are passionate about helping to solve? For inspiration, you can ask someone you know, like a friend or a relative, about a challenge they face.
6. What's the first step you can take to finding a solution? Identify a specific action you can take to launch your own innovation journey (locating a good resource to explore definitely counts!).

We want to hear from you! Don't forget to tell us what you think!

Fill out a quick survey [here](#) by November 13, 2020 and be entered for your chance to win a Sport Chek giftcard.

And use #KidsToWork to share something you learned today on social media!
