

DIVERSITY IN THE SKILLED TRADES

1. What is one new thing you learned in this session or one thing that surprised you?
2. List the jobs or job titles that you encountered in this session. Take one minute and list as many as you can. You can use your favourite digital tool, paper and pen, computer, words, pictures – whatever you want!
3. Choose one of these jobs or job titles. Considering the job that you selected, write down:
 - a) What are one to three skills I have that would make me well-suited for this job?
 - b) What are one to three skills I would need to develop to be equipped for this job?
 - c) What appeals to me about this career pathway?
4. “The fourth industrial revolution is upon us and skilled tradespeople have never been more in demand!” What is the fourth industrial revolution? Find two definitions. Consider using the internet (be sure you find a trusted source!).
